

# VIC PREMIUMS & BENEFITS GUIDE

1 July 2024

POLICE

## With over 90,000 members nationally Police Health is Australia's only health cover devoted to the police community.

When it comes to your health, you can't predict what you're going to need cover for, the same way a police officer can't predict each call. Which is why we only offer **top cover** as we believe anything less would be a disservice to you.

We keep our cover simple. Choose between Hospital, Extras or combine both.

Read on to find out more about our products and premiums as well as an explanation about how the Australian Government Rebate on Private Health Insurance and Medicare Levy Surcharge work. For a full description on cover and important information, please read our Product & Benefits Guide.

**You've got our backs in the community – we have yours when it comes to *your health*.**

# Understanding the Australian Government Rebate on Private Health Insurance and Medicare Levy Surcharge

Most Australians with private health insurance currently receive a rebate from the Australian Government to help cover the cost of their premiums. The private health insurance rebate is income tested.

The Medicare Levy Surcharge (MLS) is a levy paid by Australian tax payers who do not have private hospital cover and who earn above a certain income. The MLS aims to encourage individuals to take out private hospital cover, and where possible, to use the private system to reduce the demand on the public Medicare system.

The table below details the different rebate amounts and Medicare Levy Surcharge levels.

|                              | Base Tier         | Tier 1                | Tier 2                | Tier 3 (No Rebate) |
|------------------------------|-------------------|-----------------------|-----------------------|--------------------|
| <b>Your single income is</b> | \$97,000 or less  | \$97,001 - \$113,000  | \$113,001 - \$151,000 | \$151,001 or more  |
| <b>Your family income is</b> | \$194,000 or less | \$194,001 - \$226,000 | \$226,001 - \$302,000 | \$302,001 or more  |

The families' threshold is increased by \$1,500 for each dependent child after the first. Families include couples and single parent families. Tiers current as at 1 July 2024.

| Rebate percentage for period 1 April 2024 - 31 March 2025 |         |         |         |        |
|---|---------|---------|---------|--------|
| <b>Under age 65</b>                                       | 24.608% | 16.405% | 8.202%  | 0.000% |
| <b>Age 65 - 69</b>  | 28.710% | 20.507% | 12.303% | 0.000% |
| <b>Age 70 or over</b>                                     | 32.812% | 24.608% | 16.405% | 0.000% |
| Medicare Levy Surcharge                                   |         |         |         |        |
| <b>All ages</b>   | 0.0%    | 1.0%    | 1.25%   | 1.5%   |

Income for Rebate purposes will be calculated by the Australian Taxation Office (ATO), they will apply the same rules that apply for the Medicare Levy Surcharge. Further assistance can be found on the ATO website [ato.gov.au](http://ato.gov.au)

## UPDATING YOUR NOMINATED REBATE TIER

You can change your nominated Rebate Tier any time simply by advising Police Health. Any difference between what you have claimed during the year and your entitlement as calculated by the ATO will be refunded or charged on your tax return assessment. There are no penalties for estimating an incorrect Rebate Tier.

## ARE YOU AGED 65 YEARS AND OLDER?

The premiums in this guide are based on the oldest person on the policy being under 65 years. For those 65 years or older you may be entitled to a higher Rebate. Please get in touch.

## LIFETIME HEALTH COVER (LHC) LOADING

The premiums shown in the following tables are based on rates applying to those having existing hospital cover with a certified age of entry of 30, or who join hospital insurance by June 30 following their 31st birthday. If neither of these apply, please get in touch to confirm whether a LHC premium applies to you.

## WHAT REBATE AM I ELIGIBLE FOR IF I PAY A LHC LOADING?

If you are subject to a LHC Loading, the Rebate only applies to the base premium and not to the LHC Loading component of your premium.

# GOLD HOSPITAL

Our **Gold Hospital** covers you for treatment in any recognised hospital or day-surgery (public or private) anywhere in Australia.

It has no excess or exclusions, giving you ultimate peace-of-mind when the unforeseen happens.

# ROLLING EXTRAS

Our **Rolling Extras** cover lets you roll over unclaimed Annual Maximums from one calendar year to the next on most Extras services.

For example, if you go a year without claiming Optical benefits (such as new prescription glasses and/or contact lenses) your \$350 Annual Maximum becomes \$700 12-months later (subject to waiting periods).

## PREMIUM FREQUENCY

Fortnightly and Monthly premiums are payable via Direct Debit. Quarterly, Half Yearly and Yearly premiums are payable via Policy Renewal Notice.

## OVER 65 YEARS?

All premiums in this guide are based on the oldest person on the policy being under 65 years. For those 65 years or older you may be entitled to a higher Rebate. Please get in touch on 1800 603 603.

\*Premiums available on applying the Australian Government Rebate on Private Health Insurance.

IMPORTANT NOTE: The premiums shown in Gold Hospital and Gold Combined tables are based on rates applying to those having existing hospital cover with a certified age of entry of 30 or, who join hospital insurance by 30 June following their 31st birthday. If neither of these apply, contact Police Health for the Lifetime Health Cover premiums that will apply to you.

## Rolling Extras – what’s covered?

## GET MORE AFTER 10 YEARS OF CONTINUOUS COVER!

If you hold a Rolling Extras policy continuously for ten years, Police Health will proudly increase the Hearing Aid limit that applies over five calendar years from \$1,200 to \$1,800 per person on your policy.<sup>5</sup>

\*Waiting periods do not apply to benefits for treatments in relation to accidents.

<sup>1</sup>All the benefits shown here are payable only on services and at health providers recognised by Police Health. For a list of what is not covered please see the Products & Benefits Guide or contact us on 1800 603 603. <sup>2</sup>Rollover Maximum available after 12 months membership with extras cover, except major dental which requires 2 years of membership. <sup>3</sup>Some service limits apply.

<sup>4</sup>Excludes ambulance services covered by a third party arrangement such as a State/Territory government ambulance scheme or ambulance subscription. Only the ambulance services described under "Example Benefits" are payable and ambulance service providers must be recognised by Police Health. <sup>5</sup>Subject to waiting periods, Annual Maximums and other conditions.

## Dependent definition

**Police Health’s literature refers to a number of different types of dependents.**

Our Fund Rules refer to the Contributor and dependents. Dependents are any spouse/partner and any child of the Contributor eligible to be covered under your policy.

The Fund Rules collectively refers to your children eligible to be covered under your policy as “dependent persons” and are made up of the following types:

- Dependent child;
- Non-classified depended person;
- Depended student;
- Dependent non-student; and
- Depended person with a disability.

A dependent child is where your child is aged under 18 and a non-classified dependent person is when your child is aged 18 and over but under 21. Together, we refer to these two types of dependent persons as younger dependent children (that is, where the child is aged less than 21 years).

A dependent student is a child of the Contributor who is 21 years and over, but under 32 years of age, who is considered to be a full time student of a school, college or university recognised by Police Health.

A dependent non-student is a child of the Contributor who is 21 years and over but under 25 years of age, and not eligible to be a student dependent.

A dependent person with a disability is a child of the Contributor and the child is participating in the National Disability Insurance Scheme (NDIS) and hence holds an active NDIS plan. The child may be any age 18 years and over, but would only be registered as a dependent person with a disability if they do not meet any of the other dependent person types.

In all cases a child is taken to include a natural child, adopted child, foster child or a child who is a legal ward of the Contributor or their spouse/partner.

Other than for a dependent person with a disability, a child ceases to be eligible as a dependent on a policy if they are married or in a defacto relationship.

### IMPORTANT INFORMATION

Once your children reach an age where they are no longer protected by your cover, they can sign up to their own Police Health policy without any Waiting Period provided they:

- Take out a policy with cover no greater than yours; and
- Join from their 21<sup>st</sup> birthday (25<sup>th</sup> birthday for Gold Combined Extended Family or Single Parent Extended Family)

Or, if your children have been covered as dependent students, provided they:

- Take out a policy with cover no greater than yours; and
- Join from March 1 following a completed study year, or
- Join from the date they left full-time study, or
- If still a student at the age of 31 years, join from their 32<sup>nd</sup> birthday.

Or, if your children have been covered as dependent persons with a disability, but they are no longer participating in the NDIS:

- Take out a policy with cover no greater than yours; and
- Join from the date they ceased to participate in the NDIS.

In all these circumstances, your children have two months in which to join with their premiums being calculated from the date they ceased to be an eligible dependent.
