

NSW PREMIUMS & BENEFITS GUIDE

01 April 2021

With over 60,000 members nationally, Police Health is Australia's only health fund devoted to the police community.

When it comes to your health, you can't predict what you're going to need cover for, the same way a police officer can't predict each emergency call. Which is why we only offer **top cover** as we believe anything less would be a disservice to you.

We keep our cover simple. Choose between Hospital, Extras or both.

Read on to find out more about our products and premiums as well as an explanation about how the Australian Government Rebate on Private Health Insurance and Medicare Levy Surcharge work. For a full description on cover and important information, please read our Product & Benefits Guide.

You've got out backs in the community – we have yours when it comes to your health.

Understanding the Australian Government Rebate on Private Health Insurance and Medicare Levy Surcharge

Most Australians with private health insurance currently receive a rebate from the Australian Government to help cover the cost of their premiums. The private health insurance rebate is income tested.

The Medicare Levy Surcharge (MLS) is a levy paid by Australian tax payers who do not have private hospital cover and who earn above a certain income. The MLS aims to encourage individuals to take out private hospital cover, and where possible, to use the private system to reduce the demand on the public Medicare system.

The table below details the different rebate amounts and Medicare Levy Surcharge levels.

	Base Tier	Tier 1	Tier 2	Tier 3 (No Rebate)
Your single income is	\$90,000 or less	\$90,001 - \$105,000	\$105,001 - \$140,000	\$140,001 or more
Your family income is	\$180,000 or less	\$180,001 - \$210,000	\$210,001 - \$280,000	\$280,001 or more

The families' threshold is increased by \$1,500 for each dependent child after the first. Families include couples and single parent families. Tiers current as at 1 April 2021.

Rebate percentage for period 1 April 2021 - 31 March 2022				
Under age 65	24.608%	16.405%	8.202%	0.000%
Age 65 - 69	28.710%	20.507%	12.303%	0.000%
Age 70 or over	32.812%	24.608%	16.405%	0.000%
Medicare Levy Surcharge				
All ages	0.0%	1.0%	1.25%	1.5%

Income for Rebate purposes will be calculated by the Australian Taxation Office (ATO), they will apply the same rules that apply for the Medicare Levy Surcharge. Further assistance can be found on the ATO website ato.gov.au

Updating your nominated Rebate Tier

You can change your nominated Rebate Tier any time simply by advising Police Health. Any difference between what you have claimed during the year and your entitlement as calculated by the ATO will be refunded or charged on your tax return assessment. There are no penalties for estimating an incorrect Rebate Tier.

Are you aged 65 years and older?

The premiums in this guide are based on the oldest person on the policy being under 65 years. For those 65 years or older you may be entitled to a higher Rebate. Please get in touch.

Lifetime Health Cover (LHC) Loading

The premiums shown in the following tables are based on rates applying to those having existing hospital cover with a certified age of entry of 30, or who join hospital insurance by June 30 following their 31st birthday. If neither of these apply, please get in touch to confirm whether a LHC premium applies to you.

What Rebate am I eligible for if I pay a LHC Loading?

If you are subject to a LHC Loading, the Rebate only applies to the base premium and not to the LHC Loading component of your premium.

GOLD HOSPITAL

Our **Gold Hospital** covers you for treatment in any recognised hospital or day-surgery (public or private) anywhere in Australia.

It has no excess or exclusions, giving you ultimate peace-of-mind when the unforeseen happens.

ROLLING EXTRAS

Our **Rolling Extras** cover is the only cover in Australia that lets you roll over unclaimed Annual Maximums from one calendar year to the next on most Extras services.

For example, if you go a year without claiming Optical benefits (such as new prescription glasses and/or contact lenses) your \$350 Annual Maximum becomes \$700 12-months later (subject to waiting periods).
